

Forehead

Apply cream in an upward motion from the bridge of the nose to the temple and hairline.

Eyebrow

In between your eyebrows, apply cream in an X formation. For your eyebrow line always move in an upward motion towards your hairline.

Nose

Apply cream downwards towards the bridge of the nose; move to sides of the nose in an upward movement towards the cheeks.

Lip

Using your index finger apply cream all around your lips & on your lip line.

Eye

Starting on the outer part of your eye, gently dab moving inward using your ring finger using a light tapping motion until it is absorbed. Tap lightly around the orbital area.

Nasolabial Fold

Using your index finger apply cream starting from the corner of your lip in an upward motion towards your ear.

Décolletage

Apply Cream in an upward movement from the collar bone up to the jaw.

*For demonstration purposes, always dispense the product on the back of your hand first, then using your finger(s) to apply onto the face.
